TOOLBOX

DESIGN
Figma
Adobe XD
Adobe Photoshop
Adobe Illustrator

DEVELOPMENT
Typescript
Javascript
React
React Native
MobX
Git
Ruby on Rails
HTML/CSS
C++
Jenkins
AWS
Kafka

EDUCATION

University of Waterloo
Sep 2017 - Apr 2022
Candidate for Bachelor of
Computer Science

EXPERIENCE

Zynga
Software Engineer Intern - Words with Friends, May 2019 - Aug 2019
▪ Led development process of granting rewards for returning users, including writing the technical specification and meeting design and quality standards, improving returning user retention
▪ Built UI components for new user onboarding, which facilitates a delightful experience in learning the game and navigating the app
▪ Collaborated with product managers to add user behaviour tracking and update features based off of data received

Flipp Corporation
Software Engineer Intern - Item Data Platform, May 2018 - Aug 2018
▪ Owned development of Kafka microservice that monitors and produces performance metrics regarding key systems
▪ Implemented monitoring and removal of obsolete data with Rails, reducing production failures caused by invalid data
▪ Maintained product indexers that collected essential product data daily by analyzing Ruby systems to diagnose sudden failures

COMMUNITY

Hack the North
Visual Designer, Jan 2019 - Current
▪ Built visual identity with prominent components of past branding, core values, and diversity in mind
▪ Collaborated with variety of teams to create sponsor and day-of info packages in addition to web, swag, and social media assets
▪ Designed components of the main site and the hacker web application to deliver an intuitive interface and facilitate studying user preferences

University of Waterloo Orientation
Visual Designer and Web Developer, Jan 2018 - Sep 2018
▪ Led design and development of website delivering information about orientation for incoming mathematics students
▪ Illustrated vector logos representing the Math Orientation theme and teams as well as social media advertising assets
